### Make a Handmade Poster

Also known as a 'scrapbook style' poster

#### How do I make a handmade poster?

1. **Get a piece of blank poster board sized at 23x29 or 22x28.** Pick up FREE poster board at Cornerstone Copy Center, Burnsville or Lakeville (addresses on back side). Poster board can also be purchased at your local craft store.
2. **Collect all the pictures and memorabilia items** you want to put on your poster. You will want to use copies of original photos and keepsakes since these items cannot be removed.
3. **Use a glue stick** to adhere items to the poster board.
4. **Laminate your poster** so it can be displayed at the senior party.
5. **Drop off poster at School or Cornerstone** (*more info on back*).

#### How much will it cost to make a handmade poster?

**\$10 plus tax** to laminate the finished poster at Cornerstone Copy Center, plus the cost to copy pictures and memorabilia. You do not need to purchase poster board. Cornerstone Copy Center provides FREE poster board to all parents & students making a handmade senior poster for the Rosemount senior party.

#### Tips & guidelines for handmade posters

- » Design your poster vertically (23" width x 29" height).
- » Have Fun! Create a theme, use school colors, quotes, song lyrics, poems, childhood memories, school memories, etc...
- » Items should not extend beyond the edge of the board.
- » Use copies of pictures and memorabilia since items cannot be removed after lamination.
- » Use a glue stick to adhere items to your board. Other types of adhesive may cause a problem during heat lamination.
- » Limit layering of items to 1-2 layers. Also beware when using thick or 3D scrapbook items. Too many layers may cause air bubbles to show and may also cause your poster to be too thick to run through the laminator.
- » **Label the back of your poster** with full **student name, high school name** and **phone number**.
